San Anselmo, CA 94960  
415-456-3713

Refreshments will be served.

*The event is free. Donations will be collected to help support the group's legal defense fund.*

Green Chautauqua Presents:

Climate Heroes on Trial: The Valve Turners

**Michael Foster**, teacher and tree planter

**Emily Johnston**, poet and author

Who are the **Valve Turners** and why did they shut off the valves on 5 pipelines delivering dirty crude from Canadian tar sands to refineries in the US? Why did they risk arrest and imprisonment for their beliefs?

Two of the five Valve Turners will present thoughtful, articulate, and **courageous stories** of acting out of necessity to raise our awareness and protect the planet while we still have time.

Help support the group's legal expenses as they prepare to argue their ground-breaking **Climate Necessity Defense**.

About Green Chautauqua

Green Chautauqua is a speaker series created to bring the latest research on climate change to the Marin community. Modeled after the popular adult education movement of the late 19th century, Green Chautauqua believes that through awareness and understanding we will be better equipped to respond to one of the most urgent problems of the modern era.
